Education

Rizvi College of Engineering Bachelor of Engineering, Computer Engineering CGPA: 8.87	Dec 2023 – Dec 2027
D.G. Ruparel College of Arts, Science and Commerce HSC Percentage: 67%	2021 – 2023
St. Andrews High School SSC Percentage: 93%	2021

Projects

Customer Segmentation & Churn Prediction Dashboard *Python, Pandas, Scikit-learn, Streamlit, Plotly*

- Engineered RFM features from retail transaction data to segment customers by engagement levels.
- Built an ML model to predict customer retention risk using transaction patterns and behavioral metrics.
- Developed an interactive Streamlit dashboard with segmentation analytics, churn insights, filtering, and downloadable reports.
- Enabled actionable insights for identifying high-value customers and those at risk of churn.

Animal Intrusion Detection System *Java, Spring Boot, React, MySQL, ESP32, Roboflow API*

- Developed a real-time animal intrusion detection system combining IoT motion sensing, AI image recognition, and full-stack web tech.
- Built RESTful APIs using Spring Boot to handle motion events, image uploads, AI detection requests, and detection history storage.
- Integrated Roboflow AI models for animal classification with confidence-based filtering to reduce false positives.
- Automated real-time Telegram notifications with detected animal info, confidence scores, and timestamps.

Signature Comfort Furnishing | Freelance Web Developer *HTML5, CSS3, JavaScript*

- Developed and deployed a responsive multi-page website for a luxury custom furniture and upholstery brand.
- Built an interactive portfolio gallery with dynamic category filtering and a custom lightbox for high-resolution image viewing.
- Integrated WhatsApp Business API, click-to-call, and Google Maps to improve customer engagement and lead generation.

Technical Skills

Languages: Python, JavaScript, SQL, HTML5, CSS3

Data Science: Data Analysis, EDA, Data Cleaning, Statistical Analysis, Data Visualization

Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn

Machine Learning: Supervised Learning, Unsupervised Learning, Model Evaluation, Feature Engineering

AI & Deep Learning: Neural Networks, Deep Learning, Large Language Models (LLMs), RAG, Generative AI

Databases: SQL

Tools: Git, GitHub, Google Colab, Jupyter Notebook, Conda, VS Code

Web Technologies: HTML, CSS, JavaScript

Certifications

Data Science for Engineers – NPTEL (IIT Madras)

Languages

English • Hindi • Marathi

Hobbies

Gym & Fitness • Travelling • Technology Exploration
